Testimonial from the 2011 Shabbaton at the Havurah:

"Now that we're back in Vancouver, but before the glow of the weekend has totally faded, I wanted to write to thank you all again for having opened up your community to the outside as we all shared in a weekend that was so wonderfully organized. From all the things we could see (as well as realizing how many things were going on that we didn't see) it was an excellent piece of organization. The davenning, the food, the workshops, the time with Z & E, the mikvah - it all worked so well. Thanks to Reb David and to all of those who put their hearts into making the event happen."
